15.01: Affidavit of Retired Members and Beneficiaries

(1) No less frequently than once every two years, each retirement board shall require each member or beneficiary who receives a pension, retirement allowance, or survivor's allowance to file with the retirement board an affidavit under the penalties of perjury, at such time and in such form as the board shall prescribe, containing the following information:

- (a) the name of the member or beneficiary;
- (b) the current address of the member or beneficiary;
- (c) a statement certifying that the member or beneficiary is currently living;
- (d) a statement describing the beneficiary's current marital status where marital status is relevant to continued receipt of benefits;
- (e) a statement describing the beneficiary's current dependency status where dependency is relevant to continued receipt of benefits; and
- (f) such additional information as the board may require to determine whether the member or beneficiary is entitled to continued receipt of benefits.

(2) The retirement board shall withhold the retirement benefits of any member or beneficiary who fails to file the affidavit within the time prescribed pending receipt of the affidavit. Upon receipt of the affidavit, any benefits so withheld shall be paid to the retired member or beneficiary.

(3) The retirement board may review and verify the accuracy of any affidavit submitted and shall audit a random sample of at least five per cent of the affidavits received.

15.02: Purchase of Prior Membership Creditable Service; Purchase of Creditable Service for Non-membership Service; Rates of Contribution Upon Return to Active Service

(1) Purchase of Prior Membership Creditable Service. Any member authorized by law to purchase prior creditable service may purchase such service by paying an amount equal to the accumulated regular deductions withdrawn by the member, together with regular interest. Any member may make a lump sum payment or installment payments over a period not exceeding five years and may, with the approval of the board, make installment payments over a period exceeding five years.

(2) Upon submission of documentation satisfactory to the retirement board, a member will be allowed to purchase creditable service for periods of non-membership employment. The amount of creditable service that may be purchased shall be determined by the retirement board in a manner consistent with the retirement board's supplementary regulations that have been approved by the Commission pursuant to 840 CMR 14.00. The member may purchase less than all non-membership service available for purchase; provided, however, that in such event the member must purchase the most recent time first.

(3) Rates of Contribution Upon Return to Active Service. The rates of contribution for members formerly in service who have returned to the service of the same or another governmental unit shall be as follows:

- (a) for any member who contributed to a retirement system and did not receive a refund of accumulated deductions when he or she left service, the contribution rate upon the member's return to service shall be the same rate as the member was contributing at the time he or she left service;

15.02: continued

- (b) the contribution rate for any member who contributed to a retirement system, and received a refund of accumulated deductions after termination of service, shall be the contribution rate in effect when the member re-established membership, whether or not the member purchases prior creditable service; and
- (c) for any member who contributed 8% of regular compensation as regular deductions during the member's prior service, the contribution rate shall be 8% upon the member's return to service.

15.03: Regular Compensation

(1) During any period of active service subsequent to the effective date of 840 CMR 15.03(1) the term "regular compensation" as defined by M.G.L. c. 32, § 1, shall be determined subject to the following:

- (a) To be considered regular compensation, any compensation to an employee must:
  - 1. have been actually paid to or on behalf of a member;
  - 2. be made as remuneration for services actually rendered, for recurring payments for accrued sick leave, or for payments made pursuant to M.G.L. c. 41, § 111F in the year or part of a year to which the compensation is attributed;
  - 3. be ordinary, normal, recurrent, repeated, and of indefinite duration;
  - 4. be made pursuant to an official written policy of the employer or to a collective bargaining agreement;
  - 5. be made on a non-discriminatory basis and be generally available for employees who are similarly situated relative to the purpose of the payment (e.g. a longevity payment made recurrently to all employees in a bargaining unit having attained a specific length of service) provided that the ability of a payment to be denied due to merit shall not exclude it for that reason from regular compensation.
- (b) Regular compensation shall include any part of such salary, wages, or other compensation derived from federal grants, except as otherwise provided in M.G.L. c. 32, § 3(2)(a)(xi);
- (c) Lump-sum or retroactive payments which would have been regular compensation if paid in the periods in which the services remunerated thereby were actually rendered will be allocated to said periods rather than being entirely attributed to the time of receipt for the purpose of determining a member's regular compensation.
- (d) Provided they meet the general criteria in 840 CMR 15.03(1)(a) through (c), payments to be considered regular compensation shall include:
  - 1. a member's annual rate of compensation as provided in an approved salary schedule;
  - 2. any non-cash maintenance allowances in the form of full or partial boarding and housing, as provided in M.G.L. c. 32, § 22(1)(c);

  - 5. any amounts paid for length of service;
  - 6. any amounts paid as premiums for shift differentials; and
  - 7. any amounts paid as cost-of-living bonuses or cost-of-living pay adjustments.

(2) Any extraordinary or *ad hoc* payment amount shall be excluded from regular compensation. Exclusions shall include, but not be limited to:

- (a) any amounts paid for hours worked beyond the member's normal work schedule;
- (b) any amounts paid as premiums for working holidays, except as authorized by law;
- (c) any amounts paid as bonuses other than cost-of-living bonuses, provided that any payment to an employee or group of employees which will not recur or which will recur for only a limited or definite term will be considered a bonus, and further provided that any payments to an employee or group of employees as part of a salary augmentation plan or salary enhancement program which is provided for in an individual contract in effect on or before January 25, 2006 or in a collective bargaining agreement in effect on or before January 25, 2006, including payments under such a plan or program which will not recur or which will recur for only a limited or definite term, shall be treated as regular compensation; and further provided, that any employee who is covered by such an agreement or contract on January 25, 2006 and who begins, at any time during the life of a collective bargaining
